

Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, Oct. 6.—Rumors of a renewal of peace negotiations which seemed to receive credence in high financial quarters were effective in depressing prices in the stock market today in the later dealings, after much previous uncertainty and hesitation. Values declined two, three and even five points from ton levels of the forenoon, the selling being the most precipitate of any recent session, with some nominal rallies at the close. Total sales were 1,370,000 shares, of which 30 percent occurred in the first hour.

Prior to the final period, the list had showed new gross declines, former leaders losing some ground, with greater activity in minor rails, and a few industrials of recent prominence such as the sugar group, Central Leather and American Hide and Leather preferred, Fertilizers and Chemicals zinc and rubber stocks. In fact the most interesting development apart from the sharp reversal at the end of the session was the diversion of the dealings. More than 250 different stocks were traded in during the first half hour, this number being considerably augmented later and establishing a record for many years.

Transactions in secondary rails and some of the specialties ranged from two to four points, with Denver and Rio Grande preferred one of the most conspicuous features.

New maximums were supplied by Central Leather at 8 3/4 and American Beet at 9 1/4, but other stocks of that class and some of the utilities attained highest quotations of the past year only to be sacrificed in the sweep of the last sixty minutes.

Those who regarded the foreign exchange market as an infallible barometer of peace overtures extracted little comfort from that quarter. German remittances, which should strengthen at the first sign of peace were slightly heavier, and francs also showed with no change in rates to London. Bonds were strong toward the end. Total sales, par value, \$6, 625,000. U. S. bonds were unchanged on call.

NEW YORK, Oct. 6.—Lead 7 at 7.10. Smelter strong spot East St. Louis delivery 10. Conner firm electrolytic 27.25 at 28.50. Bar silver 68 1/4.

CHICAGO GRAIN.

CHICAGO, Oct. 6.—Peace rumors and bearish rumors regarding the Argentine crop resulted in a series of downward swings in the value of wheat today. The market closed heavy, 2 1/2 to 5 1/2 net lower with December 1.57 1/2 to 1.57 3/4 and May at 1.57 1/2 to 1.57 3/4. Corn finished 3/4 to 1/2 off and oats down 1/4 to 1/2. Provisions scored gains ranging all the way from a shade to 85 at 90c.

Suggestions of a likelihood of show-ers in Argentina made the wheat bulls uneasy from the start, as heretofore no sign had been reported of a breaking up of the drought which has been forcing Europeans of late to enlarge buying in the United States. Lower quotations at Buenos Aires tended further to favor the bears, and so too did a decline in vessel rates from South America concurrent with the rise in selling here, which, however, did not attain unusual proportions until the final hour of the session when gossip as to a new attempt at negotiations for peace added to the pressure on the market and resulted in the summary closing out of numerous holdings.

Incredibly as to the truth of the peace rumors prevented wheat from breaking much beyond ordinary limits except in the case of the July option, in which trading as yet is relatively light.

Corn sympathized with the weakness of wheat.

Oats, although at first displaying independent strength, finally shared in the depression of other grain.

Diminished receipts of hogs tended to lift provisions. The demand came from shorts.

METAL MARKET

Oakland 8 11 3
Portland 4 18 5
Batteries—Boyd, Kinney and Harwood; Sotherton and Roche.
Others ranges postponed, rain.

(By L. J. Overlock)

BOSTON, Oct. 6.—Sales of copper to domestic consumers have assumed larger proportions, one transaction for twenty million pounds having been closed late Wednesday for account of manufacturers making articles in which the red metal is used while another order given today involved more than 15 million. There is continued domestic demand for metal, one seller estimates November will witness the announcement that all available copper for delivery before April next has been contracted for. The market sold off during the last hour of today's session of peace rumors.

SUFFRAGISTS CERTAIN OF DEMOCRATS' HELP

Leaders Resent Efforts to Have
Them Support Hughes.

WON BY WILSON'S SPEECH.

"I Have Come Here to Fight WITH
You," He Tells National Convention.
"Wilson Voted For Suffrage; Has
Hughes?" Mrs. Graham of Idaho
Asks.

Western women who have had the ballot equally with the men for several years resent the interference of one of the factions of suffragists and the attempt to turn the suffrage cause into an adjunct of the Republican party. They believe they know how to vote and they refuse to turn against the democrats, who have done so much for their cause in their respective states. This attitude is brought out clearly in an interview by Nicola Greeley-Smith, nationally prominent as a writer on the staff of the New York World, with Mrs. Alexander Thompson, Democratic national committeewoman from Oregon, and Mrs. Theresa M. Graham of Coeur d'Alene, Ida.

"One would think," observed Mrs. Thompson to Miss Greeley-Smith, "that if any instruction in suffrage matters had to be given it would come from the women who have won the vote and do vote rather than from suffragists in the east, who are still disfranchised. I am a young woman, but I have been through three campaigns for the vote in Oregon. In the final campaign we won through the co-operation and help and belief in us of the men of Oregon."

Aided by Democrats.
"We have been voting only five years, and we are still grateful to our men. So when the Congressional Union sent speakers to Oregon to tell us to vote against all Democrats we laughed at them. Why, at the last election they campaigned against George E. Chamberlain, who introduced the first suffrage bill in Oregon and who had been the friend of the women all through their fifteen years' fight."

"I agree with every word that Mrs. Thompson has spoken," declared Mrs. Graham, proxy member of the notification committee from Idaho. "The conditions in my state are the same as in Oregon, except that we have had the vote for twenty years, and it was given to us without our having to fight for it. The Congressional Union has speakers in Idaho now urging us to slaughter the Democrats and free our sisters in the east. How silly that is! Are women in the east so foolish as to be led away by the mere declaration of a candidate, unsupported by his party, that he is personally in favor of a federal amendment?"

"Woodrow Wilson voted for suffrage," Mrs. Charles E. Hughes ever voted for suffrage? Wilson has done everything consistent with a belief in state rights, one of the fundamental principles of Democracy. Suffrage can never win as a partisan issue. Alienate the Democrats en masse and you have killed every chance suffrage has."

Won by Wilson's Speech.

It is admitted by suffragists that their cause has been helped greatly by the speech President Wilson made before the convention of the National Woman Suffrage association at Atlantic City on Sept. 8. When the president told them he had "come here to fight with you," the 4,000 suffragists gathered in Nixon's theater arose and cheered him enthusiastically.

This pledge by the president to Carrie Chapman Catt, president of the association, to say:

BURLESON'S "THREE STRIKE."

That \$5,200,000 Check Wins Opponent's Praise.
"The Democratic party seems to have enough capacity to run the postoffice department. Postmaster General Burleson has deposited a check for \$5,200,000 with Secretary McAdoo, being the profits of the fiscal year 1916."

Sounds like a Democratic campaign orator, doesn't it?
But it isn't. It is the Philadelphia Public Ledger, a paper that is supporting Hughes, telling its host of readers about merely one of the deeds of the Wilson administration.
Continues the Ledger:
"The secretary of the treasury replies that his department has experienced the sensation of receiving a postal surplus only three times in eighty years, and those three times have been under the administration of President Wilson and Mr. Burleson. But we have no hope that this will satisfy Mr. Hughes. He will tell the next audience he gets hold of that the service is not nearly so good as it used to be when postmaster generals were Republicans and there was a deficit every year, the amount being something over \$17,000,000."

ARIZONA RAY COPPER

26 1/2 Bid, 27 Asked

The ARIZONA RAY Copper Company owns, free and clear of debt, 12 claims adjoining the RAY CONSOLIDATED Copper Company and the RAY HERCULES Copper Company at Ray, Arizona.
These claims were formerly owned by officials of the RAY CONSOLIDATED Copper Company and are in the same proven ore zone as the RAY CONSOLIDATED and RAY HERCULES and development will prove them to be equally as rich.

EDMUND L. HATT for six years chief engineer of the RAY CONSOLIDATED has accepted the Mine Management of the ARIZONA RAY.

Work has already started on the property—shipping of high grade copper concentrates will start at once. One Churn Drill has already been purchased and will start at work next week. Another Churn Drill has been ordered and paid for.

Chief Engineer Hatt believes he will strike the ore body by churn drilling at 150 feet—THIS MEANS, WE BELIEVE, 15 days drilling.

When the main ore body is struck by churn drilling, we predict ONE DOLLAR A SHARE FOR ARIZONA RAY.

ARIZONA RAY property was also reported upon by P. M. Dorsey — well known mining man.

In summing up his report, Mr. Dorsey says:

"Arizona Ray properties should prove up to contain between 20,000,000 and 40,000,000 tons of ore. I expect that on account of the secondary enrichment along the Calumet vein we will find some extremely rich ore that will carry the total tonnage to the high point. If we do, the property is worth 40 per cent of as much as Ray Consolidated."

"This is unquestionable. Mr. Wilson, the best transaction you have ever been connected with, and will make every man who owns into a few more dollars, but not all the money he will ever need."

ARIZONA RAY—will advance rapidly—to be listed on several exchanges east and west—listed today on Los Angeles Curb—application pending on the San Francisco Stock Exchange.

"WATCHFUL WAITING" HAS SAVED A NATION'S LIFE

Mexican Envoy's Tribute to President
Wilson's Policy.

Convincing testimony to the wisdom and justice of President Wilson's Mexican policy is given by Luis Cabrera, one of Mexico's commissioners at the joint Mexican-American conference in session at New London, Conn.

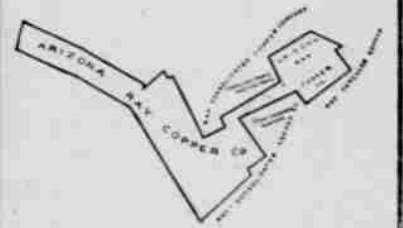

"I do not care to discuss political or international questions of any kind,"

by Underwood & Underwood.
LUIS CABRERA.

senior Cabrera in a recent interview, "but I will say that in official circles of Mexico President Wilson is looked upon as one of the greatest men the United States ever has had as a leader. He is calm and considerate, and his much abused 'watchful waiting' policy has probably saved the life of my nation and prevented my country from entering into a needless struggle."

ARIZONA RAY COPPER

26 1/2 Bid, 27 Asked

I consider that ARIZONA RAY COPPER has greater possibilities than Jerome Verde and should be to the great RAY CONSOLIDATED what United Verde Extension is to United Verde.

I was one of the principal organizers of Jerome Verde and sold over a million shares of that stock at from 10c to \$1.00 per share. I did not sell it in the East; I sold it right here to the investors in Los Angeles and California. Jerome Verde is today selling above the \$2.00 mark.

I also sold to the people of Los Angeles United Verde Extension at from 50c to \$1.00 per share, now \$40.00 per share.

ARIZONA RAY COPPER
I believe that ARIZONA RAY COPPER is the best Copper to buy now, because it will double in value, both property valuation and market valuation, before any of the other Copper stocks that I am familiar with.

I predict \$1.00 per share for ARIZONA RAY COPPER when the first drill strikes the ore body. It should strike the ore body on fifteen days' drilling. The crews are now at work on this property. Churn drilling will start this week. High grade ore will be taken out this week from shaft No. 1 on the Copper Zone claim No. 7.

Telegraph your orders, following your wire with remittance in full by mail.
I am not a promoter of this company. I am not one of the organizers. I wish I were. I am simply a Broker.

CONTEST OF CHORUS GIRLS AT AIRDOME

Tonight the Raymond Teal Company will present for the first time in the Warren District the laughable rural comedy, "A Foxy Boy." In addition to the regular performance a special feature will be a chorus girls contest. So far the Teal Ducklings have only been seen and heard in ensemble numbers, but tonight each one will be given an opportunity to display their individual talent. There will be single turns, quartettes and trios. The merit of the different acts performed will be determined by the amount of applause each one of accorded by the audience, and prizes will be awarded. Ten dollars for the first prize, five dollars for the second and three dollars for the third. The Ducklings have been practicing for a number of days, and a spirited contest is sure to take place. Tonight the first performance will begin promptly at 7 o'clock.

HUGHES VISITS BOYHOOD

HOME: FIRST TIME IN YEARS
MONT CLAIRE, N. J., Oct. 6.—Charles E. Hughes spent an hour this evening visiting his boyhood home in Newark, N. J., where his father was minister of a Baptist church from 1864 to 1874. It was the second time Mr. Hughes has revisited his boyhood home in forty two years.
